

DAIMLER TRUCK

How to access the IAM Shop (staging environment or production environment) as a Business ID user

Guide

Introduction

The IAM Shop (staging and production environment) can be accessed by suppliers, dealers, independent service providers (ISPs), or corporate business partners using their Business ID user accounts. This guide provides information on how to access the IAM Shop. We provide all relevant links here:

IAM Shop staging environment with **external accounts (Business ID users)**:

<https://staging.iga.tbinter.net/WebIdPForms/Login/Portal/AzureB2C-Corptbbidqa>

IAM Shop production environment with **external accounts (Business ID users)**:

Not yet available

IAM Shop staging environment with a **Daimler Truck account** (...@tbdir.net account):

First, you need to request an account, please see [this guide](#). After completing this guide, you can use [this link](#).

IAM Shop production environment with a **Daimler Truck account** (...@tbdir.net account):

<https://identity.iga.tbinter.net/resadmin/applications>

Warning:

- Currently, B2B guest users cannot login to the staging environment.
- There are different links for the staging environment depending on your account. Please make sure to use the right one by reading the text above.

Step 1: Open the Login page for Business ID Users

To access the IAM Shop environment, the Business ID users need to use a specific URL, see below.

IAM Shop staging environment:

<https://staging.iga.tbinter.net/WebIdPForms/Login/Portal/AzureB2C-Corptbbidqa>

IAM Shop production environment:

Not yet available

Step 2: Log in to the IAM Shop

Please enter your login credentials.

1. Enter your UserID or your email address.
2. Enter your password.
3. Click on "Continue".

Tip:

- When logging in for the first time or if you don't know your password you can set a (new) password by clicking "Forgot your password? Set password after migration". For detailed instructions on the first login, please use the "[Help Center](#)", which can also be accessed via the button in the bottom right corner.

Help Center

Step 3: Select Multi-Factor Authentication Method

Please select the preferred Multi-Factor Authentication method.

Please note:

We recommend "**Authenticator**" with the Microsoft Authenticator App.

Step 4: Enter Multi-Factor Authentication Code

Please enter your Multi-Factor Authentication code and click "Verify".

The screenshot shows a login interface for Daimler Truck. At the top, the text "DAIMLER TRUCK" is displayed in a bold, black, sans-serif font. Below this, the screen is divided into a light gray header area and a white content area. The content area is titled "BUSINESS ID" and "Multi Factor Authentication". A message reads: "Please enter the verification code from your Microsoft authenticator app." Below this is a label "Verification Code" followed by six empty square input boxes. A link "Lost access to authenticator app?" is positioned below the input boxes. At the bottom of the white area is a black button with the text "Verify" in white. The entire content area is framed by a yellow and gray diagonal striped border.

Step 5: You are successfully logged in to Staging Environment

Congratulations. You have successfully logged into Business ID Staging environment.

Please note:

Only admins, such as Market or Organization Administrators have permissions to use Business ID Staging environment functionalities.

All other Business ID users can login, but do not have permissions to see information or do tasks.
